FROM THE PRINCIPAL

Dear Parents

Our students have displayed an overwhelming support of the SRC’s Fundraiser for Footy Colours Day for Cancer Research. The SRC raised $80.40.

The students certainly set a wonderful atmosphere for our special Father’s Day Fun Sport Afternoon.

A huge thank you to the P & C for their time and effort to cook the delicious sausages.

A special thank you to Safeway Corowa for their generous donation of sausages and bread.

Finally, thank you to the P & C for subsidising the evening meal for the 5/6 excursion. I am sure the students and parents greatly appreciate this assistance.

Karen Kissell, Principal

VOLUNTARY SCHOOL CONTRIBUTIONS are now due:
1st child $30, each additional child an extra $15 per child.
Your contribution towards the running of school programs is greatly appreciated.

5/6 News

We have been researching information about our Australian Prime Ministers, past and present. We have investigated what Canberra has to offer through multi-media as well as learning about the functions and processes of the Government.

Tomorrow we are off to investigate the Australian Government first hand. Class 5/6 will report back next week. It should be an amazing educational experience.

Mrs Kissell, Class Teacher

Year 1/2 Writing
On Monday, K/1/2 did another experiment. It’s on winter. There are crystals on it. We did some painting of the solution on the card and paper. We made a solution with ½ cup of warm water and ½ cup of Epsom salts. We mixed it in an ice-cream bucket. It felt good. Written by Brodie Julian, Year 2

On Monday we did some painting with a solution made of Epsom Salts. The red bucket with the solution in it didn’t dissolve as quickly as the blue one. To make it dissolve you have to have warm water because it will saturate quicker. Written by Jodi Johnstone, Year 2.

On Monday we did our second experiment. We called it ‘Experiment No. 2’. We used a piece of paper, wax crayons and some water with a paint brush. In the water there was Epsom salts. We let our experiment dry overnight, then in the morning we got to see our experiment. Our experiment turned out to have crystals all over the piece of paper. The snow scene I made had heaps of crystals on it. Written by Maddison Andrews, Year 2.

K/1 Writing
Pirates are ugly and smelly. I think pirates like to steal treasure. Written by Bree Harvie, Year 1

Once upon a time there was a pirate who had to walk the plank because the pirate captain said so. The pirate had been naughty. Pirates like to be mean to other pirates. Written by Mackenzie Bunt, Year 1

School BBQ - Working order
4 burner gas barbecue - half grill / half plate
On wheels and trolley with metal cover

This Saturday, 6th of September, you have the opportunity to visit Redlands Hill Reserve as part of National Landcare Week. Marvel at the local birdlife with ecologist Ian Davidson. Sit around the campfire & listen to historians talk about the life of indigenous artist Tommy McRae, and Tom Robert’s association with the Reserve. Recite poetry or dress in character. Lunch provided. Bring yarns, sturdy footwear, a chair, hat and water.
