FROM THE PRINCIPAL

Dear Parents,

Our Mighty Murray Mural is nearly complete. Have you spotted your child’s artistic Murray River creature design?

We are planning on having an official opening very soon. In the meantime the students are commencing their next Visual Arts project. The theme is “Our Environment”. Each student will learn about well-known landscape artists and techniques. They will investigate design features and patterns in our natural and built environments. Each student will then progress to expressing and producing their own individual canvas painting. The individual projects will be completed by the end of Term 3 and exhibited for everyone to appreciate.

Karen Kissell - Principal

Year 2/3/4 News
Yesterday Mrs Grace Stein, a qualified and experienced Speech and Communication teacher, presented some new learning experiences to the class. Students practised breathing techniques and sounds exercises. Mrs Stein then assisted us with phrasing and emphasis in poetry. This assistance will be invaluable as we prepare our Choral Speech entries for the Albury-Wodonga Eisteddfod in August. Further details will be provided at a later date.
Homework for this week includes a Maths sheet and a writing task in which the students will provide reasons why they think Dock Street is named as such.
Mrs McDonald, Class Teacher

K/1 News
The students in K/1 have been learning to collect data and then display their results in the form of a graph. In science the students have been considering how the seasons of the year affect different animals. Animals have different ways of coping – some hibernate, some migrate and some adapt – and people do the same! In HSIE the students created a Venn diagram to show toys that were popular ‘then’ or ‘now’ … and some of them are popular ‘then and now’!
Gymnastics is being enjoyed by all the students and they are learning many skills.
Mrs Francis, Relieving Class Teacher

Year 5 /6 News
Last Thursday, Mr Peter O’Shannassy – Ranger from LLS spoke to the class about pest management in the Corowa region. Mr O’Shannassy was invited to meet with the class as part of our Creative Catchment Kids project for 2015. Mackenzie, Zara, Nadia and Sophie are this year’s team. They have been working with Ruby and Angela to gather facts, figures and interesting information for their CCK literacy based project. The CCK team will meet Mr O’Shannassy on site this week for a face to face meeting about pest management.
Homework this week is: Spelling, Take Home Reading and a Maths Sheet. Hint: the two written problems were investigated a few weeks ago in class.
